Declaration

- I confirm that the information given on this form is accurate and subject to verification. I agree that acceptance of the application to educate out of cohort does not guarantee either a place in my preferred school or (in the case of reception year age children) a place for a further year in any nursery setting that my child may currently be attending.
- I understand that I must apply separately for a school place in the appropriate academic year depending on the outcome of this application.
- I understand that by educating my child out of cohort, if he/she subsequently transfers to another school it will be for the admission authority of that school to decide whether to admit the child out of their normal age group. I also understand that he/she might exceed the compulsory school age before he/she is due to take GCSE examinations and cannot be required to attend.
- I understand that the information provided in this form will be processed in accordance with the requirements of the Data Protection Act 1998. It will be treated as confidential and will only be used for the purpose of assessing whether your child should be educated out of cohort. In connection with this purpose the information will be shared with the Head Teacher of your preferred school(s) and any other relevant professionals involved in the assessment process.
