1. Purpose of the One Panel

The One Panel is a multi-agency group which receives referrals on cases in Barking and Dagenham that may meet statutory review criteria, such as a Safeguarding Adults Review (SARs), Child Safeguarding Practice Reviews (CSPRs) or Domestic Homicide Reviews (DHRs). The focus of the panel is to identify opportunities for system-wide learning to improve practice. The One Panel will oversee the development of the initial action plan in response to the review recommendations.

The purpose of the One Panel is to make a recommendation to the relevant partnerships and boards about undertaking statutory reviews. The relevant partnerships and boards will ratify the decision regarding commissioning statutory and learning reviews.

The One Panel works within a 'Think Family' framework, so that when supporting any member of a family, the needs of the whole family are explored and considered, and all aspects of the safeguard system are addressed.

The One Panel will also consider reviews published by other areas and national reviews to identify implications of local learning. The panel may also review learning from other non-statutory reviews for example, learning from drug related deaths, LeDeR, Fire Death Reviews etc, where system learning has been identified. The Panel will also have oversight of any requests (through the activity tracker) for input or information for reviews led by other partnerships to ensure that learning is picked up and shared.

The Serious Incident Notification (SIN) notification and Rapid Review process for the Barking and Dagenham Safeguarding Childrens Partnership (BDSCP) will sit outside of the One Panel. The BDSCP will ensure that the relevant representatives for the BDSCP from the One Panel are invited to be part of the Rapid Review. The outcome of the Rapid Review will be reported on at the next One Panel meeting.

2. Chairing and Membership

Chairing is on a six month rotation which will be shared across all partner organisations represented at the One Panel. There will be a named vice chair who will become the next Chair at the next rotation which will add continuity to the chairing role. The Chair and Vice Chair should be from different organisations where possible.

As new chairs take over, the terms of reference and membership will be reviewed.

3. Panel Meetings

The Panel will be scheduled to meet for 2hrs on the same day each month and these dates will be agreed with the Chair at the beginning of their term of chairing.

A Panel meeting can be cancelled by the Chair if there are no new referrals and no requirement for critical decisions or significant updates in relation to ongoing cases.

4. Quoracy

In order for a decision to be made about a Safeguarding Adult Review (SAR) there will need to be representatives from the statutory partners LBBB Adults Care and Support, the Met Police and the Integrated Care Board (ICB).

In order for a decision to be made about a Children's Safeguarding Partnership Review (CSPR) there will need to be representatives from the statutory partners LBBB Children's Services, the Met Police and the Integrated Care Board (ICB).

In order for a decision to be made about a Domestic Homicide Review (DHR) there will need to be representatives from the statutory partners LBBB Community Safety, the Met Police and the Integrated Care Board (ICB).

5. Governance

The responsibility for screening referrals/cases has been delegated to the Panel by the Barking and Dagenham Safeguarding Adults Board (BDSAB), the Barking and Dagenham Safeguarding Children Partnership (BDSCP) and the Barking and Dagenham Community Safety Partnership (BDCSP).

The Panel discusses the referrals and uses statutory criteria to make recommendations to the relevant board or partnership for ratification. The final decision is then made about what type of review will take place under each partnership's agreed ratification process.

Should any members of the One Panel strongly disagree with the recommendation of the One Panel, having discussed their concerns in the Panel meeting, the relevant partnership escalation process must be followed.

The ongoing management of any agreed reviews remains with the governance of the relevant board or partnership but an activity tracker will be shared with the named members of the group so the One Panel can assure itself of progress or be aware of any pertinent issues.

6. Confidentiality

The contents of this meeting are strictly confidential. The confidentiality statement will be included on all agendas and agreed at the start of each meeting. Participants will need to ensure the proper control and storage of information relating to this meeting by agreeing to the confidentiality statement at the start of the meeting.
